

Urgent up dates to be made before Friday:

Change to 'This is La Mule'

The how it works looks a bit funny because it is only one line.... Change to --

How It Works – Discover how the La Mule platform works so you can join thousands of Australians share rides to and from practically anywhere in the country.

These pictures need to be changed to a higher quality graphic as they get pixelated here and change them to different images because they are too similar to blablacar.

lamule.herokuapp.com/summary/ExperienceLevel

la mule

About Experience Levels:

La Mule is a very trusted community of travelers, when ever you share a ride on La Mule your experience levels go up so you can build your reputation within the community. The five different La Mule experience levels help gauge how advanced each member is within the community.

Experience Levels:

	Newcomer	Intermediate	Experienced	Expert	Ambassador
Verified email and mobile	Welcome!	2%	2%	2%	2%
Profile completion		60%	70%	80%	90%
Positive ratings received		★ 1 rating	★ 3 ratings	★ 6 ratings	★ 12 ratings
Seniority		1 month	3 months	6 months	12 months

How your experience level is measured:

When you have a high Level it shows that you are a highly trusted member of the LaMule community. Your Level is based on four factors:

We have more nuclear green ☺ haha.

Not so urgent:

Round trip

A red arrow points from the text "These numbers and letters are to close together they need to be balanced more." to the date and time input field area.

These numbers and letters are to close together they need to be balanced more.

In Australia pretty much every second person has a UTE which is a small truck as their car so good idea to add this into here.

The screenshot shows a web browser window with the URL lamule.herokuapp.com/cars/new. The page is titled "la mule" and features a navigation bar with links: Dashboard, Rides Offered, Messages, Email Alerts, Ratings, and Profile (which is currently selected). On the left, there is a sidebar with various profile sections: Profile information, Personal information, Photo, Preferences, Verifications, Car (which is highlighted), Postal address, Account, Notifications, Social sharing, and Password. The main content area is titled "Your car". It includes fields for Make (dropdown menu), Model (dropdown menu with placeholder "please select make first"), Comfort (dropdown menu with "Normal" option), Number of seats (dropdown menu with "4" option), Color (dropdown menu with "Choose" option checked), and Type (dropdown menu with a list of vehicle types: Saloon, Hatchback, Convertible, Estate, SUV, Service car, Station wagon, Minivan, Van, and "Car that doesn't need a driving license"). Below the dropdown menu, there is a list of file icons and names: "Where Lamule come....docx" and "mac.jpg".
